

INFLUENZA VACCINATION

IS THE FLU VACCINATION SOMETHING YOU OFFER YOUR STAFF?

If so, now's the time to get a head start, or if it's not something you have done before, there is no better time than now to get your team vaccinated. Our trained registered nurses can come to your business.

DON'T LET THE FLU STOP YOU!

BOOK FLU SHOTS FOR YOU AND THE WHOLE TEAM

WHY GET THE FLU JAB?

- To help stop the spread of the flu, at home, at work and in the community.
- It's the best protection against the flu, and even if you find yourself with symptoms they may not be as severe.

THINGS YOU NEED TO KNOW

- First Aid – A first aider must be on-site and available during the vaccination.
- All individuals receiving the flu vaccination are required to remain on-site and within view of the first aider for 5 minutes following vaccination.
- The wait is 20 minutes if you have not received the vaccination before.

We visit workplaces right across Canterbury and we're ready to take bookings. Call now on 0800 249 7233 or email info@cp.org.nz to guarantee a date for your workplace.

WHEN SHOULD YOU AND THE TEAM GET VACCINATED?

Before the flu season to ensure you get in ahead of the flu - it can take up to 14 days for your body to start developing protection against the flu.

The best time to get the vaccine is just before the start of winter. Book in early to secure yourself and your staff a spot to get vaccinated before flu season arrives.
